

Oil Heat... For Less You have options that are:

Easy, Affordable and Reliable.
It'll put a smile on your face.

Full Service

All of our dealers are full service because heating system maintenance is important. They respond to emergencies 24 hours a day, 7 days a week. You may purchase a service contract at prices we have negotiated for our members. With or without a service contract, we strongly recommend that you have your heating system "tuned up" or "cleaned out" every year.

Oil Delivery Options

The two basic options are Automatic Delivery and Will Call Delivery. With Automatic Delivery, your oil dealer will monitor your consumption and deliver oil to you before the tank runs low. Will Call Delivery requires you to call your dealer to place an order for each delivery.

Oil Payment Options

Members enjoy flexible payment options:

20 or 30 Day Billing

Take 20 or 30 days to pay after delivery.

Prompt Payment

Pay within 5-10 days of delivery and you can save 3-15 cents per gallon on top of your already low member price. By arranging for an automatic payment from your credit card, you will always receive the discounted "prompt payment" price.

Cash on Delivery (COD)

COD prices are generally the same as prompt payment pricing. This option is available to Will Call Delivery customers only.
